Hello,

I live in Angelino Heights which I know is just outside your district.

I have some concerns about the amount of homeless activity at Echo Park lake and wanted to get some clarity around parking laws for RV's (where people are living in them) around the lake plus surrounding streets. Is there a meeting I can attend or should I visit your office location on Sunset to voice my concerns? I've tried to get in touch with Gil Cedillo but no one returned my calls or emails.

Thank you in advance for your reply.

Best,

Kristy Silverman (Harmeyer)
